Figure 8 illustrates a process flow involving nodes Z1, Z2, d1, d2, and d3. The flow is shown in four stages:

- 802:** Initial state with nodes Z1, Z2, d1, d2, and d3.
- 804:** Nodes Z1, d1, and d2 are grouped in a dashed box.
- 806:** Nodes Z2 and d3 are grouped in a dashed box.
- 808:** Nodes Z1 and d1 are grouped in a dashed box, and nodes Z2, d2, and d3 are grouped in another dashed box. A curved arrow indicates a transition from Z1 to Z2.
